11 March 2020

Dear Parent/Guardian,

School Precautionary Measures during March Holidays

Thank you for responding to our request regarding your child's/ward's travel plan during the March Holidays. For this period, we will put in place a set of precautionary measures to ensure that the school remains a healthy and safe environment for our students and staff returning to school.

We will limit the number of students who return to school, and this would ensure that we continue to suspend large group activities. Students preparing for the upcoming "A" Division and "B" Division National School Games, as well as the 2020 Singapore Youth Festival, would have been informed that there will be CCA practices during the week. Their respective teachers would have informed you of the schedule. CCAs that do not have an upcoming competition will **not** have practices during the March Holidays. Some students may wish to return to school for self-study, and our library and open spaces will be available for this purpose between 8am and 5pm.

Please note that our main gate will be the only entrance point. All turnstiles will be locked. Students and visitors coming to the school will have their temperature taken at the entrance and register at the guard post. As such, we appreciate your understanding that we will **not** be able to allow any vehicle to drop-off or to pick-up passengers during this period. We also like to seek your assistance to remind your child/ward to bring along his/her thermometer if he/she is coming to school.

We thank you for your partnership and support to ensure our school remains a safe and healthy learning environment for the children during the March Holidays. Have a pleasant and healthy school vacation break.

Yours faithfully,
Mrs Teo Khin Hiang
Principal, River Valley High School
